EDUCATION

University of Arkansas - Fayetteville, AR Expected December 2024

Bachelor of Science in Computer Science

Minor in Data Analytics

Major GPA: 4.0, Cumulative GPA: 3.47

WORK EXPERIENCE

Teaching Assistant for Programming Foundations I & II - University of Arkansas Fall 2022 - Present

- Assisting students in understanding course material through weekly lab sections and semiweekly office hours.
- Developing education of students requiring furthered assistance through private consultations.
- Designing homework assignments to supplement content instructed through lectures.
- Conducting all intercommunication with students in regard to grading and assignment feedback.

Walmart Sustainability Design Project - McMillion Innovation Studio Fall 2023 – Present

- Working with a team of selected students to maximize resource efficiency in Walmart's beef sector, achieving zero-waste through cowhide upcycling for high-value products with eco-friendly packaging.
- Conducting consumer surveys for sustainable cowhide product insights to inform product development decisions.
- Promoting a positive environmental impact and enhancing Walmart's responsible, forward-thinking brand image.

PROJECTS

Photon Laser Tag System Fall 2023

- Reverse-engineering the Photon laser tag system design and implementation with a team of software developers.
- Constructing a GUI with Python and the Tkinter library, interfacing with a Supabase-hosted database for storing player and equipment information.
- Implementing a UDP server to facilitate the transmission and reception of data over a UDP/IP network to communicate with individual laser tag units.

Dynamic Desktop Wallpaper Converter Summer 2023

- Authored a Python script designed to make dynamic desktop wallpaper changes based on real-time weather data.
- Utilized OpenWeatherMap API to collect current weather information in Fayetteville, AR and Unsplash API to generate a search query for an appropriate wallpaper reflecting the current weather conditions.
- Customized platform-specific operations to seamlessly implement wallpaper changes on both MacOS and Windows.

Association of Computing Machinery Hackathon Spring 2022

- Invested a full day building a Google Chrome extension aimed at rendering the application nonfunctional.
- A random number was generated dictating the action required by the user to create an annoyance.
- Achieved 6th place among the 17 teams that took part.

CERTIFICATIONS/HONORS

University of Arkansas Awarded Spring 2021

- Chancellor's Community Scholarship - "Awarded to top candidates from the applicant pool who also have a demonstratable commitment to community service."

College Board Awarded Spring 2021

- AP Scholar with Distinction - "Awarded to students who average a minimum of 3.5 on all their AP exams and score 3 or more on at least five of these exams."

EXTRA-CURRICULAR ACTIVITIES

- Member of Association of Computing Machinery at University of Arkansas
- Member of CyberHogs at University of Arkansas
- Member of IEEE (Institute of Electrical and Electronics Engineers)

SKILLS SUMMARY
